

lod_display.h

```
graph BT; smarties2.c --> lod_display.h; inits.c --> lod_display.h; lod_display.c --> lod_display.h;
```

A diagram illustrating the relationship between three C source files and a common header file. At the top is a gray box labeled 'lod_display.h'. Below it are three white boxes: 'smarties2.c' on the left, 'inits.c' in the center, and 'lod_display.c' on the right. Three blue arrows point from each of these three boxes up to the 'lod_display.h' box, indicating that all three source files include this header file.
